A PATHWAY TO A
DEVELOPED COUNTRY

What is Pin the well project ?

Pin the Well Pilot Project is an initiative started by the **Anuvadini AI** in collaboration with the **Ministry of Housing and Urban Affairs (MoHUA)** to map, document, and revive wells and other water sources using **geo-tagging technology**.

PROJECT OBJECTIVE

- **Create a geo-tagged digital inventory of up to 2,00,000 wells.**
- **Pilot phase will cover 10,000 wells.**
- **Assess operational feasibility and technological robustness.**
- **Identify and map wells across cities and towns, Villages.**

BENEFITS TO STUDENT & MENTOR

- **The programme enhances students' academic and professional skills with certificates from MoHUA, Anuvadini foundation.**
- **The Pin Well Pilot Programme promotes field-based learning with incentives for students and mentors.**
- **Faculty mentors receive ₹2,000 for successfully supervising up to 10 students.**
- **Students earn ₹200 per verified well (maximum 5 wells), subject to mentor approval via the app**
- **Certificates and awards are given to students and mentors during a formal recognition ceremony.**

ROLE OF THE STUDENTS

Photo Guidelines

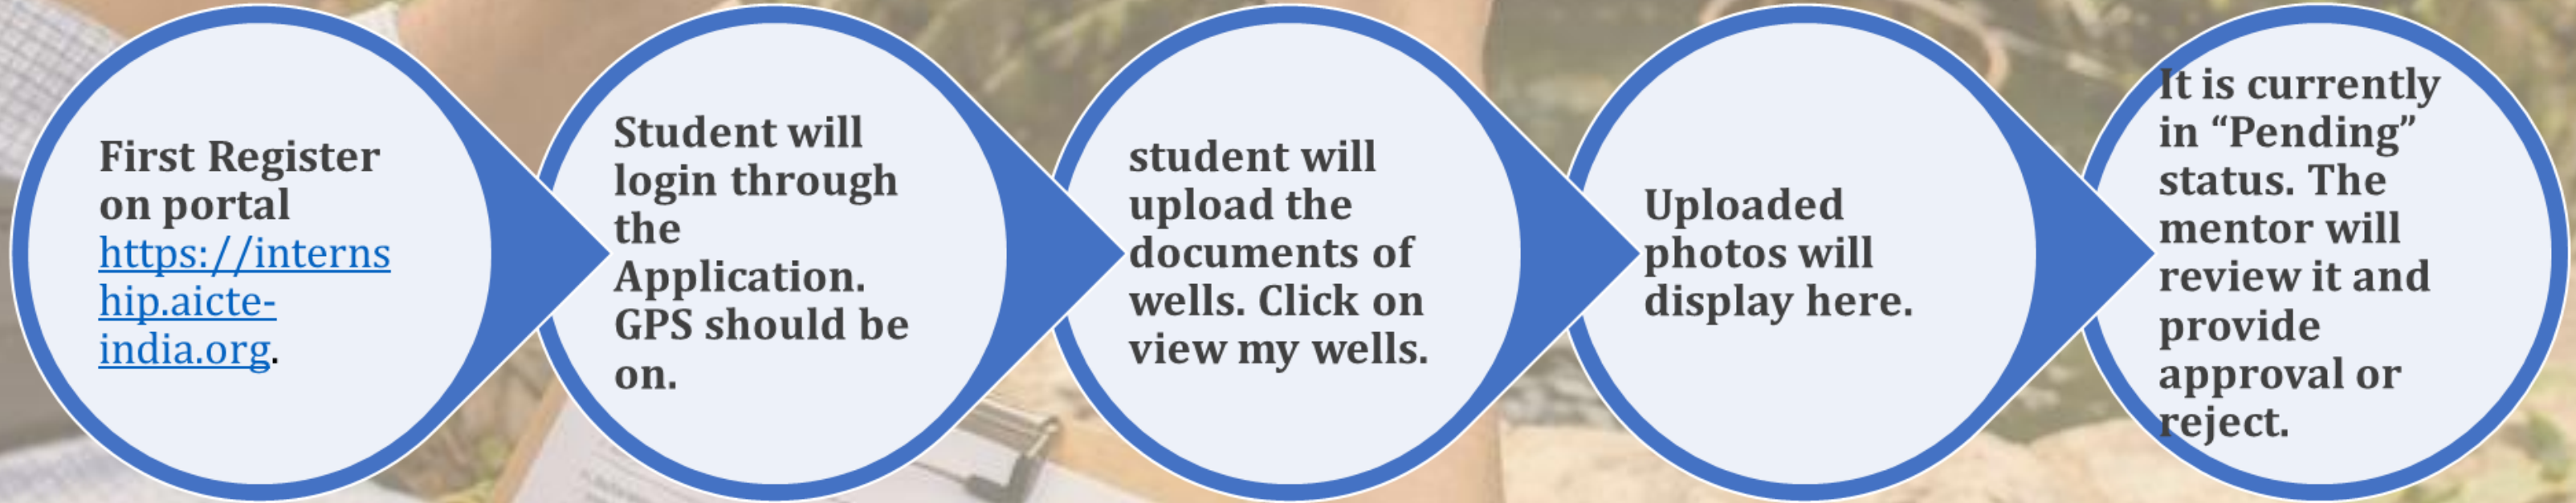

- Take photos from 3 different angles
- Ensure good lighting and clear visibility
- Include well structure and surrounding area
- GPS coordinates will be automatically embedded

Visiting wells in their area

Collecting details like

- Well Type
- Operational status
- Primary usage
- Ownership

Uploading the data to Well-Pilot App
